

- **Lockable & Theft Resistant.** Lockable design protects tools and equipment on the jobsite.
- **Recessed Latch Mechanism.** Allows more clearance through tight spaces and doorways in finished or semi-finished spaces.
- **Built-In Power Access.** Rubberized grommet allows cord pass-through for secure charging while locked.
- **Reinforced Durability.** Strengthened door threshold ensures long-lasting performance.
- **46"L x 25"W x 33"H**
- **Made in the USA**
